

Pictures from the PCIH in Denver

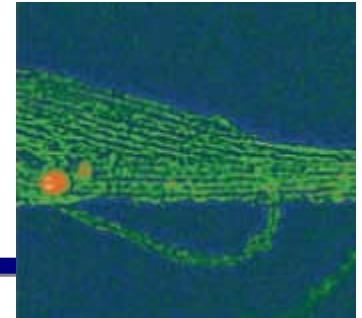

NASA EH ViTS, 11/1/05

Today's Agenda

- **Introduction**
 - **Current News**
- ***ANSI Z10 – Overview and Impacts***
 - **Alan J. Leibowitz, CIH, CSP**
 - **Director, Corporate Compliance and Security, ITT Industries**

News Items

- Adding **Nanotechnology** group to EH contact listing
- November is the month of IH Management related ViTS – on 11/17 ViTS we will have Becky Randolph speak to us about where **EH metrics** are going.
- For **December EH ViTS**, Connie Paradise, AIHA's Sr. Manager, Marketing & Product Development will be talking to us about AIHA products, distance learning, auction site, etc. I am also looking for NASA IHs to talk about AIHA
- New Resource from AIHA for **students** has been working to develop a new video and CD-ROM to introduce students to the many possibilities of a career in industrial hygiene. The CD will include a **short video** presenting information on industrial hygiene and professionals speaking about their work, as well as a PowerPoint presentation and other resources for students who wish to learn more.
- **January EH ViTS** will be with Ted Outwater of the NIEHS Worker Education and Training Program. He will be with us to discuss their recent Mold Remediation Worker Training publication and other resources NIEHS offers.
